

Linterna iittala

Lámpara 250mm

Harri Koskinen first designed Lantern as a sculptured candleholder with a simple, streamlined form. In 2013, the classic Lantern received an electrical update. A perfect balance of mouthblown glass, Lantern gives the illusion of light floating in air. Recognized as a Nordic design icon, Lantern creates its own sense of space and calm with or without a candle. The smaller Lantern lamp has the same proportions of the bigger version. The versatile light fixture fits easily in many places. The light reflects a soft glow that creates harmonious ambience. White glass complements the stunning sculptural design. A striking art glass object that makes an impact in any interior.

Features

- Manufactured at iittala glass factory
- Material: Mouthblown glass

Specifications

Product Article Number	1009434
EAN	6428501303125
Width	9 cm
Height	25 cm
Weight	0.57 kg
