Product Name

Abacus
large linear multi light pendant

Materials

brass and satin white glass

Finishes | Code

white canopy/brass
0V15S E8 B. R 4D

brass canopy/brass
0V15S M3 B. R 4D

Body | 7x5 - 8x10 spheres

Integrated Led

220-240V ~ 50/60Hz

LED integrated 3000K
7 x 3,6W
8 x 7,2W
12420lm

dimmable with

0/1-10V
PWM
100K Ω
PUSH
DALI system

Canopy

Used for centuries as the tool to both teach and communicate mathematics, the abacus was found in one form or another across the ancient world. At Terzani, we saw the beauty in the abacus' mathematical purity and clean, functional design. In the hands of Terzani's craftsmen, we've turned this inspiration into a new collection of modular pendant lamps whose flexibility allows for complex and beautiful configurations. Each module, or strand, of Abacus contains a custom set of round, hand-blown opal glass which emit a soft and uniform light. And, as the original abacus was used to calculate everything from simple addition to complex formulas, we've retained the same scalability. Due to its customization, our Abacus light is just as suitable in a home as a commercial space, and its almost infinite configurations makes sure you always come up with the right solution.
