

iittala Lantern

Lamp 600mm white

Designer Harri Koskinen's now iconic Lantern was first created as a sculptured candleholder with a simple, streamlined design. The classic Lantern received an electrical update in 2013. A perfect balance of mouthblown glass, Lantern gives the illusion of light floating in air. Lantern creates its own sense of space and calm with or without a candle. The Lantern lamp reflects a soft, flickering glow that creates relaxed ambience. The versatile light fixture fits easily in many places from shelves to open spaces. White glass showcases the striking sculptural design. A stunning art glass object that makes an impact in any interior. Mouthblown at the iittala Glass Factory. Made in Finland.

Features

- Manufactured at iittala glass factory
- Material: Mouthblown glass

Specifications

Product Article Number	1009433
EAN	6428501303101
Width	14.5 cm
Height	60 cm
Weight	2.465 kg
