BELL PORTABLE LED

OFF

ON

Taking its name from a classic dome shape, Bell is an exercise in reductionism. The hyper-polished surface allows Bell to take on the tone and characteristics of its surroundings while a concealed diffuser produces its soft lighting. Bell Portable LED offers up to 9 hours of battery life.

BELL PORTABLE LED

Taking its name from a classic dome shape, Bell is an exercise in reductionism. We're known for our metallics, so this season we're broadening our palette to include neutral colours, such as taupe, grey and white which work well in any environment. Standing out from the lot and injecting a pop of colour is the new fluoro finish. Bell Portable has a battery life of up to 9 hours.
