

# RAW

Designed by Radek Brezar

## INSTALLATION GUIDE

The Raw product line captures the distinctive beauty of glass in its purest form – fresh from the furnace. Each component is bold and unique, available in crystal, soda, or golden mica finishes to enrich the depth and character of any interior. Whether displayed individually or in clusters, these pieces offer endless possibilities for creating striking designs.

SANS SOUCI

## Risks of Uncertified Manipulation and Use of Unauthorized Components:

### 1. Loss of Warranty

#### **Product Warranty:**

The warranty remains valid only when the manufacturer's guidelines for use and maintenance are strictly followed. Any intervention by unqualified personnel or the use of unauthorized components will immediately void the warranty.

#### **Warranty Terms:**

The warranty terms explicitly state that any unauthorized tampering or the use of unauthorized components will result in the immediate termination of the warranty coverage. Consequently, any defects or issues resulting from such actions will not be eligible for repair or replacement under the warranty.

### 2. Security Risks

#### **Electrical Standards:**

Our products are designed and rigorously tested to comply with all relevant safety and electrical standards. Improper operation may violate these standards and create a risk of electric shock, fire or other accidents.

#### **Risk of Injury:**

Using unauthorized components can cause the product malfunction, significantly increasing the risk of severe hazards, including fire or electric shock.

### 3. Performance and Reliability Degradation

#### **Professional Intervention:**

Our technicians are highly trained and certified to work specifically with our products. Unauthorized or unprofessional intervention can cause significant damage, leading to performance degradation and subsequently lead to costly repairs.

#### **Compatibility:**

Only authorized components are tested and approved to ensure full compatibility with our products. The use of non-original components may cause malfunctions, reduced reliability, or complete non-functionality of the product, compromising both performance and safety.

## 4. Professional Service and Support

### **Professional Service:**

Our technicians have the specialized training and certification required to work with our products safely and effectively. Any intervention by unqualified personnel can cause significant damage, leading to additional and costly repairs.

### **Technical Support:**

Using authorized components guarantees full access to our comprehensive technical support and services. The use of non-original components severely limits our ability to provide effective support.

**DETAIL**

Drill three holes for dowels (Ø 6 mm) evenly spaced at 120° on a circle with a 110 mm diameter. Ensure the supply wire is positioned at the centre of the circle.

## DETAIL

---

Insert the dowels into the prepared holes.

## DETAIL

Attach the mounting plate to the wall, guiding the power supply wire through its centre. Secure the plate by screwing the screws into the dowels.

**DETAIL**

Connect the corresponding wires of the power supply to the terminals located in the preassembled ceiling bracket. Then attach the ceiling bracket to the mounting plate using the provided screws.

**DETAIL**

Attach the cap threaded onto the pendant cable to the ceiling bracket. Then secure it using the supplied locking ring and set screw. Place the metal cover over the glass component.

**DETAIL**

---

Ensure that the lighting fixture is securely fastened.
