Heavy Wall Light

Heavy Wall Light demonstrates an approach to design where an everyday material is used in an unconventional context. Heavy Lights offer a fresh perspective on concrete- usually considered an industrial material- and challenge perceptions of its use within domestic and commercial environments.

Manufactured in two different grey finishes as well as off-white and (new for 2013) a terracotta finish, each concrete shade is individually slip-cast and left inverted in the mould to dry for a number of days. During this process, random air pockets and veining develop on the interior of the shade. These markings vary from one shade to the next and create unique and irregular marble- like patterns, which contrast with the shade's smooth exterior.

Design	Benjamin Hubert
Year	2010
Material	Cast concrete
Product Type	Wall Light

Finish

White (WHT)

Light Grey (LHT)

Dark Grey (DRK)

Terracotta (TRA)

Specification

G9 x 1
Max.40W Halo (LED or CFL equivalents available)

G9 x 1
Max.40W Halo (LED or CFL equivalents available)

Cable Length 300mm
Cable Colour Red or white braided fabric
Arm Stainless steel or Brass
Wall Mount Brushed steel or white

Cable Length 12"
Cable Colour Red or white braided fabric
Arm Stainless steel or Brass
Wall Mount Brushed steel or white

Packaging

	Width	Depth	Height	Weight
HV3	0.24m / 9"	0.24m / 9"	0.24m / 9"	2.0kg / 4.4lb
Fitting	0.12m / 5"	0.12m / 5"	0.20m / 8"	0.5kg / 1.1lb

All cardboard packaging is recyclable. All foam packaging is biodegradable.
Please check with your local authority for further details on how to recycle.
