

Product Facts Amp Wall Lamp US

Description

Amp is a collection of lamps inspired by old tube amplifiers from the 1960s. The sophisticated range is characterized by its high-quality materials of glass, brass and marble that add a visual fragility and sensuous heaviness. Amp has a nostalgic and at the same time, contemporary feel.

Voltage
120 V

Frequency
60 Hz

Ip rating
IP20

Design
Simon Legald, 2020

Classification
Class II

Material
Glass / Marble / Powder coated steel

Socket
E12

Construction

The Amp collection consists of six lamps, which all follow the simple construction of a glass shade slipped over a marble base. The Amp wall lamp comes with a canopy in powder coated steel and is delivered with a 2-meter power cord. The Amp wall lamp can be installed directly to the power outlet (hardwired) or using the included power cord. The switch is located on the base.
