

user manual

IMPORTANT NOTICE :

Before installation make sure power is OFF !
Always use professional electrician for installations.

1. Metal holder plate is attached to ceiling.
2. Electrical wire is connected to mains power.
Note: Before installation measure right cable length.
Cable may have to be cut and rewired.
3. Cable is secured to ceiling cup by tightening plastic nut.
4. Ceiling cup is pushed against ceiling.
Attach cup to holder plate with screw driver.
5. Lamp holder is attached to lamp shade.
Please tighten lamp holder ring securely.
6. Attach light bulb to lamp holder.

Use size E27 max 60W light bulbs only!

We recommend using LED or
compact fluorescent lights (CFL).

Recommended size: E27 G40 (Globe bulbs).

For example:

Osram Duluxstar Globe 18W

Megaman Globe 20W

pilke 60

LIGHT
