Description

The combination of handblown glass, handcrafted wood, and classic shaping has given rise to a light of ageless elegance. The collection comprises four different suspension lights, as striking alone as they are in sets, characterized by a handblown glass shade set upon on a handcrafted wooden body.

Tech. description

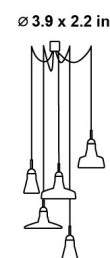

The light comprises a wooden component housing a GZ10 socket, a glass shade, a power cable, and a wooden ceiling canopy with stainless-steel bracket. Thanks to a threaded insert, the wooden component can be unscrewed, allowing the glass shade to be removed without having to take the light down from the ceiling canopy. The light is suspended from the ceiling canopy bracket.
